VICTORY PREDICTED

By John McLean in a Frankfort Paper.

He Believes Hendrick Will Smash the Machine in Kentucky as Montague Did in Virginia.

Senator N. W. Uley, president pro tem. of the senate and acting lieutenant governor, arrived here one day this week and he was at the head of the state campaign committee, which is managing the campaign for the Hon. John K. Hendrick, says the Frankfort Journal.

Mr. J. M. McLean left Tuesday for Paducah, where he will assist Dr. J. R. Coleman, J. E. Wilhelm and Urey Woodson in directing Mr. Hendrick's campaign in the first four congressional districts. He is very confident that Hendrick will win the race. "Up to four weeks ago," he said, "I believed the machine too strong to overthrow, but now there appears to be only two cogs left in the thing, and it is rapidly falling to pieces. Don't believe any reports that the first district will not be overwhelmingly for Hendrick. I assisted in a small way in directing his campaign in the famous Stone-Hendrick fight for congress, in which Hendrick overthrew a most powerful machine, and the people on both sides of that contest are now with him. I have told these Allie Young people along that they were fooling with the wrong man when they tackled Hendrick. I expect to see in the state a repetition of the fight in Virginia, when Montague smashed the machine in that state."

BUSH IN TRIGG.

Is Having a Successful Canvass In Spite of Rain.

Judge C. H. Bush has been filling appointments in Trigg county this week and having good crowds. He has met with a cordial reception and his prospects are highly satisfactory. Judge Cook was in Murray the first of the week, but has returned to Trigg and will make several speeches in the territory canvassed by Judge Bush. Judge Cook will meet him at his appointments this week and next week. Judge Bush will return with his opponent to several places in the territory he has canvassed alone.

Judge Bush is at home on the stump and will lose no opportunity for a joint discussion.

ANOTHER GOOD WEEK.

Large Sales of the Weed and Satisfactory Prices.

The sales of the weed this week, both loose and in hogheads, were again very large. R. M. Woolridge & Co., disposed of more than 100,000 pounds on the floor Tuesday and nearly as much was sold yesterday. Prices were fully up to those of last week. No very fine tobacco was offered, the sales being made up of lugs and common leaf.

Hoghead receipts for the week were 575 and for the year 6315.

Sales for the year, 1136 hogheads. Nearly all the tobacco sold on the breaks was of the lower grades and very satisfactory prices prevailed.

TALE THAT SICKENS.

More Shocking Brutality Laid Bare at Lakeland.

Third Attendant Accused by a Victim—Broken Bones Exhibited.

Louisville, Ky., April 14.—The story of the cruelty practiced on inmates at the Lakeland insane asylum, grows blacker, as the the investigation proceeds.

Yesterday evening a committee of asylum commissioners with a sub-committee from the grand jury visited the institution and the most sensational evidence was secured.

The story came from a patient whose terror had to be argued away with many promises of protection and who, when he had told all, threw himself dramatically on the mercy of the court of inquiry crying, "O God's name men protect me. You have forced this evidence from me against my own judgment and I never hope to leave here alive."

"I shall be mashed to pieces for what I have told."

"I could stand death if they would only kill me and be done, but this continual torture is too much." And the patient was racked with sobs.

Mr. Escott pledged him the protection of the grand jury and the commissioners pledged him that of their body, and Drs. Furnish and Hill of the asylum promised to intervene between him and his persecutors, but his fear became so great that it was necessary to move him to another ward to prevent a violent and hysterical breakdown.

This patient had a rib broken and he claims that it was done in an unprovoked assault by Roy King, the attendant whose name has before been brought before the commission in connection with alleged brutality. King is still holding his job.

MAIMS ASYLUM PATIENT.

Witness Before Lakeland Investigators Tells of Cruelties.

Louisville, April 14.—An aged patient of the Central Insane Asylum, disabled for life by an attendant, according to his testimony today before the investigation committee of the board trustees, was knocked down and jumped upon by an asylum employe because he said he would get a can of milk, ordered by the attendant, "as soon as it came."

It developed that several physicians knew of the occurrence and failed to report it. The man's ribs were broken and he suffered internal injuries.

It was testified that a negro had been held under water until nearly drowned because of a minor offense, and that another had been beaten and choked. Other instances of cruelty were mentioned by witnesses.

RETURN INDICTMENT.

Against Asylum Attendant For Cruelty to Patient.

Louisville, Ky., April 15.—Roy King, an attendant at the Central insane asylum at Lakeland, was today indicted for cruelty to inmates of the institution. He is charged with assault and battery. Mr. Minor hit a patient whose ribs were broken by King in a scuffle in the dining room of the Pusey building. At the investigation Monday Dr. Minor said that he was knocked down by King and then jumped on. He said he was dragged through the dining room and ward to the strong room, where he was thrown upon the floor. He remained in bed seven weeks as a result of his injuries. Mr. Walter N. Escott, foreman of the grand jury, heard Dr. Minor's testimony at the institution.

Other indictments will probably be returned.

ASYLUM COMMISSIONERS

Will Make Plans For a Future Investigation.

No action was taken yesterday by the committee of Commissioners which is conducting the investigation at the asylum for the insane at Lakeland. A meeting was held at the office of Mr. Charles F. Taylor, the chairman of the committee, and it was decided to postpone further action until to-day. Another meeting will be held this morning, when the outline for the remainder of the investigation will be decided upon. The members of the committee are by no means satisfied with the result of the investigation on Tuesday and it is probable that another visit will be made to the wards of the asylum.—Courier-Journal.

IN JAIL HERE

Is Man Suspected of Having Committed Murder.

William Miller, col., was arrested here Wednesday afternoon and placed in jail. He was taken into custody as a suspect. In 1895, at Jackson, Tenn., a man named Miller killed another negro named Jno. Wilcox. Miller escaped. A brother of the murdered man located the man who is now in custody, in Hopkins county. Miller claims Cadiz as his home, and he was en route to that place when arrested here. He stoutly denies that he is the Miller who did the killing and says it is a case of mistaken identity. The Tennessee authorities have been notified of the arrest.

ABANDONED—A LOVE STORY.

Sad Tale of a Once Beautiful But Now Broken Menschbaum.

He said I was beautiful, he did, I assure you, and I know he was right, for my skin was as soft as satin and white like ivory, my figure slender and elegant.

Our first meeting was in a shop, and he made no attempt to disguise his admiration. He praised me up to the skies and called me "very dear." From that day and for many months we were inseparable. I occupied all his thoughts.

Again and again he gazed with indescribable affection at my wonderful complexion, my graceful figure, and pressed me to his lips.

His embrace was tenderness itself, and whenever some trifling accident marred my beauty—if only for a day—his anxious solicitude knew no bounds. At night I rested on velvet pillows, and by day I accompanied him wherever he went.

He always enjoyed my society, even when nothing else afforded him pleasure.

He would turn to me, and not in vain, for comfort and relief when all other friends proved faithless.

Oh! why was it not fated to be ever thus?

Alas! one day in a public thoroughfare I had a heavy fall, and though it was through his fault, I was never the same to him as before. This cruel misadventure fairly broke me down. True, he endeavored afterwards to make amends for his harsh treatment.

He treated me with the greatest consideration and loaded me with silver; but the light of former days had gone out.

He tried to love me as before, but in vain; his feelings had undergone a complete change, and now I am nothing but a miserable wreck of my former self.

Here I lie, all alone in my sorrow, a forsaken, broken—menschbaum pipe—London Tit-Bits.

NOT A QUESTION OF SIZE.

The Grooved Bore Makes Any Gun Properly a "Rifle."

"While the hand gun of the American soldier has a grooved bore," said a military man to a Washington Star reporter, "the same is true of all modern types of ordnance, from a revolver to a monster 16-inch cannon. Consequently, all of them, regardless of bore or use, are properly called rifles. The term rifle describes the type of gun and not its size or caliber.

According to Gen. Crozier, chief of ordnance of the army, the distinctive name of the gun carried by a soldier is 'muskiet,' that being the only proper name for the gun carried and operated by the soldier. Muskets were used during the revolutionary war, when the soldiers carried flint locks; during the civil war, when they carried the Harper's Ferry musket, and they are now used in the form of the Krag-Jorgensen magazine musket. Rifles are a modern invention, and as already said, the term includes all firearms having grooved bores, from the smallest to the largest. By the way, the war department hasn't yet finally selected the name of the musket which is to displace the Krag-Jorgensen if the tests now in progress are successful. It is a magazine gun, and differs mainly from the Krag-Jorgensen in having the magazine beneath the barrel instead of on the side. It was designed by officers of the ordnance department as an improvement on several other models. Because it is manufactured by the government arsenal in Springfield, Mass., Gen. Crozier calls it "The Springfield model of 1903," but it is probable that some more distinctive name will be selected in order to distinguish it from the more familiar Springfield gun of former models, used by the army for many years following the civil war."

The Doric Temple.

The Greek Archaeological society has decided to restore the Doric temple of Jupiter, at Nemea, situated near the haunt of the famous Nemean lion, the slaying of which formed one of the feats of Hercules. The edifice was overthrown by a succession of earthquakes, and only three columns are now standing; but the fallen shafts that lie round the temple are so little injured that it is believed that it will be possible to re-erect them and the fallen entablature without much difficulty or expense, and without having recourse to new material. As soon as the ground around the temple has been cleared of the litter of fragments that now encumber it, the Greek government which has hitherto been inaccessible, and intends to begin excavations on the spot, hopes to make valuable discoveries.

Sick Women are Invited to Consult Doctor Pierce by Letter Free

Free medical advice is offered by many who are not qualified to practice medicine, and whose "medical" advice is therefore worse than worthless, because it is dangerous. Dr. Pierce's offer of free consultation by letter is not to be confounded with spurious offers of free medical advice. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his medical staff of nearly a score of physicians, Dr. R. V. Pierce has in a little more than thirty years treated and cured hundreds of thousands of weak and sick women.

The most sensitive can address Dr. Pierce in perfect freedom. All letters are held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with weak and sick women at the Invalids' Hotel and Surgical Institute, Address Dr. R. V. Pierce, Buffalo, N. Y.

"About four months ago I wrote to you for advice, and you very kindly advised me what to take," writes Mrs. Ida May Chandler, of Sandusky, Ind. "I did as you directed. At the time I was hardly able to be up at all, and what I suffered for four years God alone knows. I was nothing but a walking skeleton, but now I feel like a new woman. I would have written before but was waiting to see how I would get along. Dear Doctor, I am so thankful to you and to God for your 'Favorite Prescription' and for the fatherly letter you wrote me that it has not been for you I would have been in my grave to-day, but, instead, am on the road to recovery. Maybe this will influence some other poor suffering woman to come to you for advice."

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sometimes a dealer will offer a substitute for "Favorite Prescription" as "just as good." Judged by its record of cures of womanly ills, there is no other medicine just as good as "Favorite Prescription."

Will be cheerfully paid in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original testimonials and signatures of the individuals volunteering those published below, and also of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

THE REASON.—There is no medicine equal to Dr. Pierce's Golden Medical Discovery, for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building food. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

HON. LEE COHN

I take pleasure in expressing my satisfaction with Dr. Pierce's Golden Medical Discovery, as a reliable medicine, well worthy of the confidence of those seeking relief. It is certainly a most efficient specific for affections of the digestive organs, headache, heartburn, and kindred troubles caused by a disordered stomach.

Many busy men suffer from dyspepsia caused by careless habits, too rapid eating and irregular meals. Little attention is paid to this until it is too late, and then you naturally ask yourself, "What shall I do to get well?" I have found your "Discovery" by far the most efficacious of any medicine I have known. A few doses gives relief. Being an honest medicine and well worthy of praise, it has my hearty endorsement.

Yours respectfully,
Hon. LEE COHN,
Louisville, Ky.
(Counsellman 9th Ward.)

"I have been greatly benefited through the use of Dr. Pierce's Golden Medical Discovery," writes G. V. Rose, Esq., of 125 W. Short Street, Lexington, Ky. (Constable, Fayette Co.) "I suffered for years with biliousness and torpid liver, which affected the digestive organs and clogged up the entire system. Had used different medicines but found they did not help me any; in fact, nothing that I took was of any special benefit until I tried your 'Golden Medical Discovery.' I soon found that this medicine wrought a wonderful change in my entire body; cleared up the sluggish channels of digestive organs. This activity restored the flagging strength, increased appetite and vitalized the forces until work seemed but play, my sleep was restful and sound, brain active, and I felt like a new man. Four bottles of your 'Golden Medical Discovery' caused this wonderful change, and I have certainly every reason in the world to feel gratified and to fully endorse your great remedy. For the past two years I have enjoyed perfect health."

A NEW EXPERIENCE.

Congressman Was "Convoys" and Is Still Puzzled Over the Fact.

Representative Cushman, of Washington, has been "convoys." He admits this fact himself, says the Washington Star, but as to exactly what the result has been he is somewhat curious still. The long, lank westerner met one of his newspaper friends in a corridor of the capitol recently, and, putting one of his long arms around the reporter, he drew him into a committee room and into a dark corner, and asked him: "What do they do to people when they 'convoys' them?" The newspaper man not being able to understand the application, asked for further particulars, whereupon Cushman related that he called on former Assistant Secretary Hill at the state department a short time ago to obtain information regarding a certain subject. Dr. Hill touched a bell, and when the attendant came in he directed him to "convoys Mr. Cushman."

"I was decidedly suspicious," continued the man from Washington, "and kept one hand disengaged during our journey down the corridor. After thinking it over I came to the conclusion that to be convoys must be to be escorted. I have been 'showed' occasionally, once or twice I have been 'look' and on several occasions I have been 'freed,' but, blame me, if that was not the first time I have ever been 'convoys.'"

A Carate and a Challenge.

Rev. W. B. Soble, curate of St. Mary's church, Doncaster, England, accepted a curious challenge thrown out to him by the workmen at Doncaster gasworks. He had gone to the works and invited the men to attend special services in the evening, but they replied that they were too tired after a day's work, adding that if he worked, which he never did, he offered to do a day's work with any of them, and, attired in cricketer costume, took his place with the other men and worked from half-past six in the morning till half-past four, with interval for dinner, which was brought to him by the vicar, Rev. T. Collet, who also took oranges for the other workmen.

"A Gambler's Daughter."

One of the most powerful and exciting theatrical productions ever seen in this city will be at Holland's Opera House next Tuesday, April 21st, when the new and sensational melodrama, "A Gambler's Daughter," comes here. It is a play that interests all. There is love, romance, villainy, heroism, cowardice, conspiracy, and last, but not least, comedy, in this play, and the piece has scored a "tremendous hit" this season wherever it has been seen. The plot is a consistent one which holds the attention and interest of the audience from start to finish. It never lags, and in it no dull places can be found. The audience is either keyed up to a high tension over the wildly exciting climaxes and startling situations, and thrilled to the marrow over the adventures of the heroine and her brave young lover, or else it is splitting its sides laughing at the comical antics of the comedian and comedienne who figure conspicuously in the plot. The serious side of the play is also enlivened at intervals by clever songs and specialties. Absolutely new and very elaborate scenery is used in the production, and the company itself consists of clever Miss Lollita Hayward, the talented and well known leading woman. The piece will surely attract a large and enthusiastic crowd.

I trade at Dr. J. N. Murdoch's drug store on Third street, and have something to get in the drug line every time I come in. It was there I learned about Doan's Kidney Pills and I took a supply home with me and used them. My wife used them and my sister, Mrs. A. Amick, of No. 645 Seventh street, used them. Famous Southern Editor Dead.

Col. John E. MacGowan, the editor-in-chief of the Chattanooga Times and one of the foremost Southern editors, died at Chattanooga. Death was caused by an attack of the grip, which came at a time when he was broken in health. Col. MacGowan was a native of Ohio. He enlisted as a private in the Union army and rose to the rank of Colonel. After the Civil war he entered journalism, and by his work materially advanced the interests of the South.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, the Chamberlain's Cough Remedy, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by C. K. Wyly, drugist.

ELIGIBILITY OPINION.

"If a political party fails to nominate a candidate who is eligible to office that party must bear the burden."

Where is our friend Henry Hines while the Lakeland investigation is astounding the State?

The Jim Howard trial promises to be long drawn out. The prosecution is not yet through with its evidence.

Senator N. W. Utley, President of the Senate, is now at Frankfort managing Col. Hendrick's campaign from his headquarters.

Hon. Henry R. Lawrence and Mr. A. C. Burnett, of Cadiz, were nominated for Representative and Circuit Court Clerk, respectively, last Monday by the Trigg county Democratic committee.

Hon. Chas. Wathen, of Owensboro, who died a few days ago, was a leading lawyer and citizen of Owensboro and a clever and popular gentleman. His untimely death is regretted by many friends.

Hendrick says he voted for Bryan in 1896 and has always voted the Democratic ticket. Beckham says his opponent has been a better. Those who know them both will believe Hendrick.

The recent anti-trust decision in the Railroad Merger case may be far-reaching in its consequences. Former Attorney General Briggs says it stands it will eventually destroy the trust evil.

Attorney General Pratt has formally announced his candidacy for the Republican nomination for Governor. His candidacy just now attracts but little attention, as most of the Republicans are engaged in booming Beckham and trying to get him on the Democratic ticket.

An exchange recommends a clean sweep at the Lakeland asylum on account of the scandalous atrocities brought to light in the treatment of patients. The only "clean sweep" made will be to turn off those who give out information concerning the cruelty to the insane.

It has been let out by a Beckham henchman that voters who are not registered will be denied the privilege of voting, although the primary call provides for a special registration at the polls. If this course is pursued, not less than 40,000 voters will be disfranchised in the various cities.

It is proposed to cross the English channel with two lines of pneumatic tubes, a yard in diameter, through which the mails and small parcels will be sent at a high rate of speed, between Dover and Calais, a distance of 18 miles. Later provisions may be made for carrying passengers a mile a minute.

ON THE DEFENSIVE.

Gov. Beckham has been making what was intended to be a triumphal tour through Western Kentucky this week. According to his own reporter's estimate, he had 800 people at Owensboro, 300 at Hawesville, 500 at Henderson and a "large crowd" at Madisonville. He was due at Princeton last night and will stop at Eddyville, Mayfield and Fulton. The speech he recites is a carefully prepared and somewhat adroit defense of his administration and personal abuse for his opponents and for party leaders who do not follow him in his mad career as a machine boss. The speech was prepared and printed in advance of its delivery and is being used as a campaign document all over the State.

The result of Gov. Beckham's trip to Western Kentucky will be to arouse the people to a realization of the boldness and audacity of the machine leader, and to make them more than ever determined to crush the machine and the young man who would destroy the party to promote his own selfish interests.

Much of the speech was in defense of the Calhoun grafts, by which the fortunate young man was paid \$72,000 in one case and a secret commission estimated at \$12,000 in another, for clerical services performed in one year as a collecting agent, when the state had a full corps of officers to transact every branch of business liable to come up. Some clerk in the auditor's office could have been detailed to perform the same services without employing outside help at so heavy an expense. In the case of collecting the soldiers' claim, there was nothing to do but submit the records and draw the money, and yet each soldier was called upon to contribute to a fee said to be \$12,000. If there were 1000 soldiers interested, this amounted to \$12 for each one. Some of the soldiers here got less than \$50 and if \$12,000 was diverted from its rightful channel it can readily be seen that it cost each of the men who carried a gun a good part of his wages in order that the graft might be raked off Gov. Beckham saw to it that his picture was on each check paying the balances due the soldiers.

If it be true that the Governor held back, or allowed to be held back, \$12,000, or even half of that amount, from the soldiers entitled to it, he ought to be willing to explain it and to show what became of the money. Perhaps he may yet do this when he speaks in some town where the soldiers are present.

Roy King, an attendant in the Lakeland asylum, was indicted Wednesday for assault and battery on the person of a patient. Two others pleaded guilty in a lower court to escape indictment and were fined. These are matters that Beckham does not mention in his speeches.

Grover Cleveland and Booker Washington spoke from the same platform in New York Tuesday night, but didn't take refreshments.

A CANDID OPINION.

The Messenger prints today the opening campaign speech of Governor Beckham—thought it was denied the courtesy accorded Republican papers of an advance copy of it—desiring to do him full justice and give him the benefit of its circulation. It asks its readers to fully consider it.

Aside from the spirited attack upon Col. Hendrick it was certainly a very lame effort, and the manner of its delivery was even more unfortunate. It is too bad for a prosaic young fellow like Beckham to be so completely eclipsed, in introduction, by an orator like Ellis, who made a rattling good speech and captured most of the applause. Ellis ought to be ashamed of himself.

Beckham tries to torture the refusal of the court of appeals to pass upon his ineligibility into a vindication of his claim that he is eligible, but the language used by the court is too fresh in the minds of the people to permit of any serious acceptance of this argument.

His defense of his machine is very lame and he wisely prefers to treat "with contempt" the indisputable proof that he showed his patronage upon the state committee in order to control its actions. There was nothing else to do. This indictment was unimpeachable.

He repeats the innuendoes of his letter of announcement about the motives actuating, as he claims, some people who oppose him, but he does not come out in the open and say who and what he means.

He takes up the campaign story that Hendrick bolted in 1897 and charges this upon his opponent. Hendrick very recently wrote a letter to a Lexington editor, which was published, in which he denounced this as an inexcusable and malicious lie. Mr. Beckham, therefore, had his answer to this charge before he publicly uttered it. Accusations of disloyalty were made against Mr. Goebel, also, in his campaign in 1899, he having been a gold Democrat, but, like Hendrick, always supporting the Democratic nominees.

The weakest portion of the entire speech is the effort to explain the \$70,000 fee to Calhoun. It is no explanation at all, except in the claim that Calhoun could have recovered quite as much, after agreeing to do the work for \$3,000, under the original secret contract, with that remarkable provision in it, after the enabling bill had been lobbied through the legislature. But numerous members of the legislature have said they were never acquainted with the facts as to the magnitude of this war claim, or its status.

On the whole Mr. Beckham's speech will do him no good and his opponents no harm. The manner of its delivery was quite depressing upon his friends.—Owensboro Messenger.

The Lakeland Scandal.

Investigation has revealed the damaging fact that inmates of the Lakeland insane asylum have been subjected to brutal and inhuman treatment. A mere dismissal seems to be a light punishment for such an outrage. The man who would abuse the unfortunate and helpless creatures confined in an institution like this, is simply a brute, and the punishment should be in keeping with the brutality shown. The investigation is not yet ended. The matter should be probed to the bottom, and the severest penalty fixed by the law should be speedily visited upon every offender. MILLION DOLLAR OFFER

Made by Atlanta Baptists for the Southern Theological Seminary.

Louisville, Ky., April 15.—The Courier-Journal to-morrow will say: Baptists of the city of Atlanta have offered to raise an endowment of \$1,000,000 for the Southern Baptist Theological Seminary on condition that the seminary be removed from Louisville to that city.

The offer of the million dollar endowment fund was made to Dr. E. Y. Mullins, President of the seminary, in Atlanta on Tuesday morning at a meeting of the pastors of the Baptist churches of that city. Dr. Mullins had addressed the meeting and had asked for financial aid.

When Dr. Mullins had concluded Mr. D. O. Dougherty, a deacon of the First Baptist church, and a millionaire capitalist, arose and said that Atlanta would raise an endowment fund of \$1,000,000 if the seminary could be moved to that city.

The pastors and prominent Baptist laymen present seconded the proposal. Dr. Mullins expressed no opinion, but said that anything which Atlanta might offer would certainly receive careful consideration at the hands of the Southern Baptist convention, which will meet in Savannah, Ga., on May 8.

FIVE TO ONE

Was the Vote to Establish Graded Schools.

The election held at Madisonville Tuesday to determine whether or not a free graded school system should be established and new school buildings erected, for which a tax will be levied, resulted in a vote of about 5 to 1 in favor of the establishment of the school.

Many so-called "bitters" are not medicines, but simply liquids disguised, so as to evade the law. Prickly Ash Bitters is not one of this class. It is strictly a medicine, acting primarily on the kidneys, liver and bowels, and for the dangerous diseases that attack these organs it is a remedy of the first grade. There is nothing objectionable in its taste, it has an agreeable flavor and is acceptable to the most delicate stomach. R. C. Hardwick, special agent.

"Sweaty" feet are thus relieved, and the general health of the entire system is improved.

"VALVIC" calf is as POROUS as cloth—TOUGH as wire—SOFT as a glove—WATERPROOF as Cravenette.

The removable seal on the bottom of the shoe—"The Window of the Sole"—proves the presence of genuine, old-fashioned, wire-wear Oak Sole Leather in every pair of Regals. No other shoe offers such a test—none other dares to!

PROMISED PLACES

By Candidates For Democratic State Nominations.

Two Christian union men expect to get offices under state officers seeking nominations in the May primary. One is Hon. R. C. Crenshaw, of Pee Dee, who has been promised the position of chief deputy in the office of the commissioner of agriculture if Hubert Vreeland succeeds to that office. Mr. Crenshaw was a candidate for the nomination, until about two weeks ago, when he withdrew in favor of Mr. Vreeland.

The other gentleman referred to is Mr. Garner E. Dalton, of this city, who has been promised a place by Mr. S. W. Hager, candidate for auditor. He has been in district "circulating" Mr. Hager's cards for some time and appealing to his friends to vote for him.

WORDS THAT STING.

Spirited Reply to Attack Made at Owensboro.

Beckham Stood By and Saw the State Robbed of \$68,000.

Says Hendrick.

Louisville, Ky., April 15.—Hon. John K. Hendrick's speech at Lagrange, yesterday afternoon was in the nature of a reply to Beckham's opening address at Owensboro, in which Hendrick was bitterly attacked.

In part Hendrick said: "I am not given to insulting people, and I do not work by underhand methods. I am no brawler, and I am not trying to pick a quarrel with anyone."

"After reading Governor Beckham's attack on me at Owensboro, I saw that he was not in the proper frame of mind to do justice to an opponent."

"Beckham charges me that I have abused him. That is not true. I have simply read the people his record and asked them what they think of it. I deny that I ever scratched a Democratic ticket, or that I ever voted for a Republican for any office."

"Beckham's statements regarding me are not only misrepresentations but they are intentional misrepresentations. His primary, which was set for May 9, was called purely in the interest of Beckham. It is a 'snap' primary in the most radical sense of the word."

Mr. Hendrick discussed at length the makeup of the state committee and charged that Beckham has used his appointing power to fix it for himself. He said that Beckham had squandered more money in lawyer's fees than any of the governors before him.

With regard to the Calhoun fee, he said: "Beckham stood idly and mufely by and saw the state outrageously robbed of \$68,000."

A large audience heard him at Lagrange and he was heartily cheered.

ANOTHER CASE.

Of Absence of Information Alleged in a Calloway Matter.

Last year there was a law and order league organized in Murray, and Judge Cook was taken to task by the leaders for allowing the Commonwealth's Attorney to dismiss so many indictments, without stating his reason in writing on the indictment. Judge Cook contended there was no law authorizing or requiring such to be done. Thereupon one of the leaders of the league read to "His Honor" the plain law on the subject, and yielded the floor with the statement "that you will admit, Judge, that if we have accomplished no other good, we have succeeded in learning you some law." Judge Cook took the floor, under embarrassment and admit that he was ignorant of that law. This thing of being ignorant of a plain law is getting too common—Murray times.

Regal Shoes Coming to Town.

The manufacturers of the celebrated Regal Shoe have adopted a novel method of supplying Regals to those who live away from the big cities in which their stores are located. The plan is as simple as it is effective. A Regal representative is traveling through the country, stopping for a day in each important town or city. He carries with him a complete line of Regal shoes and takes orders for what the shoe wearers want, thus giving them the opportunity of selecting from the newest styles the shoes that fit them perfectly. The Regal man will be in Hopkinsville at Hotel Latham April 21 and 22.

Peruna's Preventive Cure for Colds. Mr. C. F. Given, Sussex, N. D., Vice President of "The Past-time Boating Club," writes:

"Whenever the cold weather sets in I have for years past been very sure to catch a severe cold which was hard to throw off, and which would leave after-effects on my constitution the most of the winter."

"Last winter I was advised to try Peru-na, and within five days the cold was broken up and in five days more I was a well man. I recommended it to several of my friends and all speak the highest praise for it. There is nothing like Peru-na for catarrhal affections. It is well nigh infallible as a cure, and I gladly endorse it."—C. F. Given.

TRUSTS!

Are the natural enemies of the farmer. When he goes to sell the products of his farm he wants as many buyers to compete for these commodities as can be obtained. Then when he wants to make a purchase of an implement he doesn't care how many sources present themselves from which he can buy. The more, the better for him. To illustrate, if he wants a binder he will find that the Deering, McCormick, Plano, Milwaukee and Champion are, all in a combination and afford him no competition.

THE OSBORNE

IS THE ONLY binder obtainable in this county that is not in this combination. The farmer's only hope to get binders in future at reasonable prices.

Helping the Osborne Company means fighting the trusts. The owner of the big Osborne Machine Company made speeches all over the State of New York last year against trusts. He is a man of the people, for the people, and his binder is the binder for the people. If his company goes down under the assaults of the trusts, the farmer has no alternative but to buy trust binders.
